Compound Shore A  
249 30

## Dampening Roller Heatset

- Water pan roller
- Metering roller

*Application*

- Very good chemical resistance to aggressive fountain solution additives or alcohol substitutes
- High dip volume also with IPA-reduced or IPA-free printing

*Features*

- OEM compound for new press installations of MAN Roland

*Note*

- Problem solver with partial swelling on water pan rollers
- Stable dampening and high service life also with aggressive printing chemicals
- Large dampening range
- Reduced ink feed-back
- Reduced waste paper on print start

*Benefits*
