

Böttcherin Blue

Cleaning Agent for Ink Rollers

Special washing agent for manual cleaning of ink rollers in sheet-fed offset, heatset and coldset web offset presses.

Application

- based on aliphatic hydrocarbons
- flash point > 62 °C
- non water miscible
- good cleaning power
- slow evaporation
- no residues on ink rollers
- compatible with rubber roller compounds used for conventional inks

Features

Böttcherin Blue should be applied to a cleaning rag and then wiped intensively over the roller surface. This procedure should be repeated as necessary.

Böttcherin Blue is approved by the manufacturers Heidelberg, manroland and Koenig & Bauer for use in their machines.

Note

Systems ▶▶ Printing
