Cleaning Web for Automatic Blanket Wash Systems

Commercial Print

APPLICATION

Suitable for use in Heidelberg printing machines.

ADDED VALUE

Productivity:

- Low consumption due to excellent dirt absorption.

Quality:

- Ensures consistently high print quality after cleaning.

FEATURES

- Excellent tear, abrasion, and tensile strength to prevent fiber residues on the printing blanket.
- High absorbency to hold the full amount of cleaning solution.
- Improved capillary action.
- Very good dirt absorption.

TECHNICAL DATA

Color:	**turquoise**
Composition:	**55% cellulose + 45% polyester fibers**
Weight:	**68 g/m²**
Tensile strength (longitudinal):	**195 N (10 cm x 5 cm)**
Tensile strength (transverse):	**52 N (10 cm x 5 cm)**
Elongation (longitudinal):	**22% (10 cm x 15 cm)**
Elongation (transverse):	**112% (10 cm x 15 cm)**
Thickness:	**0.36 mm**
