

Boost your Production

Dampening Form Roller Pan-/ Metering Roller

For IPA-reduced and IPA-free printing

Compound	Shore A
125	25
147	25

APPLICATION

Printing Press:	Sheetfed
Substrate:	Paper, card board, non-absorbing substrates
Inks:	Conventional inks

ADDED VALUE

Productivity:

- High machine speed possible, even with low IPA content or IPA-free
- Less ink feed-back on the dampening pan- or metering rollers, thus less cleaning required

Quality:

- High chemical resistance enables a permanently uniform water feed

Sustainability:

- Fast and stable ink-water balance, resulting in less start-up waste
- Lower VOC emissions due to less or no IPA in the dampening water

FEATURES

- OEM roller compound used by the world's leading machine manufacturers
- Even water transport
- Excellent dimension stability

TECHNICAL DATA

Compound colour	Black
Compound hardness	25 Shore A

Commercial Print
