## Dampening Pan-/ Metering Roller

For IPA-reduced and IPA-free printing

Compound Shore A  
**129 25**

### APPLICATION

<b>Printing Press:</b>	Sheetfed
<b>Substrate:</b>	Paper, card board, non-absorbing substrates
<b>Inks:</b>	Conventional and UV-inks

### ADDED VALUES

#### Productivity:

- Less ink feed-back on the pan- or metering roller, resulting in less cleaning work and fewer stops

#### Quality:

- High chemical resistance enables even water transport and high mileage

#### Sustainability:

- Fast and stable ink-water balance, resulting in less start-up waste
- Lower VOC emissions due to less or no IPA in the dampening solution

### FEATURES

- Specially coated roller surface
- Ink-repellent surface that is easy to clean with IPA and water
- Aggressive solvents can damage the coating layer
- OEM approval from leading machine manufacturers

### TECHNICAL DATA

<b>Compound colour</b>	Black glossy
<b>Compound hardness</b>	25 Shore A (not measurable as 2-layer)

Commercial Print
