

# Boost your Production

## Dampening Form Roller Pan-/ Metering Roller

For IPA-reduced and IPA-free printing

Compound	Shore A
125	25
147	25

### APPLICATION

<b>Printing Press:</b>	Sheetfed
<b>Substrate:</b>	Paper, card board, non-absorbing substrates
<b>Inks:</b>	Conventional inks

### ADDED VALUE

#### Productivity:

- High machine speed possible, even with low IPA content or IPA-free
- Less ink feed-back on the dampening pan- or metering rollers, thus less cleaning required

#### Quality:

- High chemical resistance enables a permanently uniform water feed

#### Sustainability:

- Fast and stable ink-water balance, resulting in less start-up waste
- Lower VOC emissions due to less or no IPA in the dampening water

### FEATURES

- OEM roller compound used by the world's leading machine manufacturers
- Even water transport
- Excellent dimension stability

### TECHNICAL DATA

<b>Compound colour</b>	Black
<b>Compound hardness</b>	25 Shore A
